DYMO M11 Embossing Tool

- Sleek, robust and ready to take on any heavy-duty embossing job in the factory, warehouse, outdoors or even an oilrig.
- Heavy-duty machine, prints on 12 mm wide metal as well as on plastic tapes.
- Metal tapes are available in self-adhesive or plain aluminium or steel.
- Built-in hole punch so that labels can be affixed by wire ties, nails or screws through the hole.
